Peer Grief Support – Program Updates

Fall 2022 Programming

This fall, Ele’s Place Ann Arbor was thrilled to return to our pre-pandemic schedule, offering weekly peer support groups Monday through Thursday evenings for grieving children and teens ages 3-18, and their adults, free of charge, for as long as a family needs. Evening support programs help children and teens understand that they are not alone in their grief and provide an opportunity to connect with others who have experienced the death of a person in an emotionally safe environment that supports the sharing of feelings, thoughts and experiences.

Peer support groups are divided by age/grade: Preschool/Kindergarten, Early Elementary, Upper Elementary, Middle School and High School. Trained volunteers facilitate the children and teen groups with oversight by Ele’s Place Ann Arbor Program Staff. Support groups for the parents/guardians of enrolled children and teens are also available. Licensed mental health clinicians facilitate the adult groups.

As the first term of the school year winds down, the Ele’s Place Ann Arbor school-based staff continue to support our school partners and their students through Ele’s Group, our school peer grief support groups, as well as through consultations with school staff members. Working in partnership with school clinical staff to provide 8-week peer support groups in many area middle and high schools, we strive to remove barriers and meet grieving students where they are – at school! While schools continue to navigate a comfortable cadence with onsite schooling, we are pleased to support their staff and add Ele’s Group sessions when schools are ready.

Remembrance Family Night

Children’s Grief Awareness Month provides a special, dedicated space for us to honor and support children and teens who are grieving. At Ele’s Place Ann Arbor, we invited enrolled families to participate in a
Remembrance Family Night. During these evenings, families stay together as a unit and create a candle in remembrance of their person. The intention is to honor the lives of those who have died and provide a family space for remembrance.

Fall 2022 Volunteer Training Congratulations
Please join us in congratulating the Fall 2022 volunteer training class on their completion of training! Welcome Back, Therapy Dogs!
Returning to our pre-pandemic schedule means the therapy dogs are back to welcome and greet families as they arrive for evening peer grief support programs at our Home for Healing Hearts! These wonderful furry friends provide comfort, compassion and a sense of reassurance! Welcome back therapy dogs, therapy dog handlers, support group volunteer facilitators, activity room & kitchen volunteers and clinicians! You help us make it happen!

Winter 2023 Program Volunteer Training
One in 11 children/teens in Michigan will experience the death of a parent or sibling by age 18. LET US REPEAT. Ele's Place Ann Arbor volunteer team for a unique opportunity to give back to our community!

Ele's Place Ann Arbor relies on trained volunteers to provide compassionate bereavement support services to grieving children and teens, ages 3-18, through a peer support group model. Volunteers have an opportunity to support children and teens in their grief, while building their understanding of childhood and adolescent bereavement.

We welcome all interested, kind and compassionate adults. We have a particular need for people of diverse backgrounds, including bilingual individuals and male volunteers. Applicants must be 19 years of age, able to commit to one year of service and complete our training program.

In October, we hosted our Healing Hearts Society (HHS) Fundraising Breakfast! It was a beautiful morning program filled with bravery, courage and hope, as children, teens, families and special guests shared their grief and healing journeys, as well as their Ele’s Place stories. **Children's Grief Awareness Month – Wrap-Up**

Throughout the month of November, we highlighted our support of children and teens who are grieving. Grief impacts many different parts of a child or teen. It can change how they act, their emotions, how they hang out with friends and family, or even how their bodies feel. The graphics above provide a reminder of what a child, a middle schooler or a teen who is grieving may be thinking and feeling during their grief and healing journey.
